Feeding in Summer Doesn't Have to Send you Potty ...

Feeding cats in Summer can be frustrating. Food left over in the heat attracts flies and doesn't look or smell too good. That's when you should think about changing to HiLife's Potty about ... range. This cat food in pots is our first ever pot for cats. It helps make feeding cats easier and less messy. With a choice of six distinctive recipes using real meat and ocean-caught fish, 'HiLife Potty About ...' is cooked in the pot for freshness, and sealed with an easy-peel lid. With these handy, portion-controlled recyclable pots, feeding cats just got easier!

You'll find more full details of HiLife Potty about ... on this website.
