### New Recipes and New Look for HiLife Complete Moist

HiLife's Complete Moist Mince now offers two new and improved recipes, designed with the health and well-being of your family dog in mind. It's now made with both real meat and fresh vegetables; containing all the goodness of dry foods, but it's softer, meatier and tastier than before. The new recipes, which are variations on old favourites – Complete Moist Mince, with Beef and Fresh Vegetables flavoured with Cheese and Complete Moist Mince with Turkey, Chicken and Fresh Vegetables, flavoured with Bacon –still contain no artificial colours or flavours. The re-sealable 1.5kg and new 3kg bags allow portion sizes to be adjusted to suit each dog.
